

TPC-1 APK 1.3.1 Release Notes

TPC-1 APK 1.3.1 is required for SONICUE 1.3.1

Features in SONICUE 1.3.x like support of MXE free DSP configuration remote control will not work with previous versions of the TPC-1 app.

Use the TPC-1 tool (part of the SONICUE installation package) to update TPC-1 apk (application) or complete system image.

Select the TPC-1 (or multiple) from the list. Application Update will open Explorer. Select the .apk file for the update (e.g. TPC-1_V1_3_0_3436.apk) and click [Open](#) - to start the update.

The new firmware version will be shown (e.g. 1.3.0) when completed.
